

IDAHO DEPARTMENT OF FISH AND GAME

Steven M. Huffaker, Director

FEDERAIL AID IN FISH RESTORATION

Project F-76-D-19

Performance Report

July 1, 2002 to June 30, 2003

FISHING ACCESS

Prepared by:

Bryan Helmich	Panhandle Region
Sam McNeill	Clearwater Region
Jerry Deal	Southwest Region
Mark Fleming	Magic Valley Region
Paul Wackenhut	Southeast Region
Steve Schmidt	Upper Snake Region
Greg Painter	Salmon Region

Compiled and Edited By: Tom Parker

April 2004

IDFG 04-13

Findings in this report are preliminary in nature and not for publication with permission of the Director of the Idaho Department of Fish and Game.

The Idaho Department of Fish and Game adheres to all applicable state and federal laws and regulations related to discrimination on the basis of race, color, national origin, age, sex, or disability. If you feel you have been discriminated against in any program, activity, or facility of the Idaho Department of Fish and Game, or if you desire further information, please write to: Idaho Department of Fish and Game, 600 S. Walnut, Box 25, Boise, ID 83707, OR the Office of Human Resources, U.S. Fish and Wildlife Service, Department of the Interior, Washington, DC 20240.

Annual Project Performance Report

1. State: Idaho

Grant number: F-76-D-19

Grant name: Fishing Access

Project number and name: 8 – Statewide Administration

2. Report Period: July 1, 2002 to June 30, 2003

Report due date: August 31, 2003

3. Location of work: Statewide, 1st and 2nd Congressional Districts

4. Costs: Please identify sources of federal funds and match and indicate amounts budgeted and spent for each. Indicate if match is in-kind. Indicate in table whether costs are “Actual” or “Estimated”

Source	Budgeted	Actual
Federal :x DJ	58,749	51,437
State: License	11,748	9,428
Other: Panhandle Trout Un.; Rotary Club; Id. F&W Found.	6,000	5,883
City of Payette	1,833	1,833
Total Federal	58,749	51,437
Total match	19,581	17,144
Total project:	78,330	68,581

5. Objectives:

SUBPROJECT 1 – Operations and Maintenance

Objective 1. Assist regions with funding as needed to complete operations and maintenance projects; administer statewide program; produce informational signs and brochures.

SUBPROJECT 2 – Site Renovations

Objective 1. Allocate funds to regions to complete prioritized list of renovation projects.

SUBPROJECT 3 – New Developments

No new developments planned this year.

6. If the work in this grant was part of a larger undertaking with other components and funding, present a brief overview of the larger activity and the role of this project. N/A

7. Describe how the objectives were met.

SUBPROJECT 1 - Operations and Maintenance

Objective 1. Funds were provided to regions to meet operations and maintenance goals; FA and other required reports were completed; statewide access brochure was updated; statewide and FA meetings were attended.

Cost: \$2,100

SUBPROJECT 2 - Site Renovations

Objective 1. Funds were allocated to regions to complete priority fishing access projects statewide. Completed renovation projects are reported in individual regional project statements.

Cost: \$34,992

SUBPROJECT 3 - New Developments

1. Objective 1. The Steamboat Ponds development project was completed and is reported on in the R1 performance report. No land acquisitions were completed.

Cost: \$23,534

8. Discuss differences between work anticipated in grant proposal and grant agreement, and that actually carried out with Federal Aid grant funds. All site renovation work is described in the individual regional performance reports. New projects were added at Steamboat Ponds and Payette River Greenway when non-license matching funds were acquired.

9. List any publications or in-house reports resulting from this work. A revision of the Department Access Guide was begun. It will be completed and printed in FY04.

Name, title, phone number, and e-mail address of person compiling this report:

Project Leader: Tom Parker, Statewide Boating and Fishing Access Coordinator,
tparker@idfg.state.id.us

Annual Project Performance Report

1. State: Idaho

Grant number: F-76-D-18

Grant name: Fishing Access

Project number and name: 1 – Panhandle Region

2. Report Period: July 1, 2002 to June 30, 2003

Report due date: August 31, 2003

3. Location of work: All work was accomplished in Boundary, Bonner, Kootenai, Shoshone, and Benewah counties. The Panhandle Region is located in the 1st Congressional District.

4. Costs: Please identify sources of federal funds and match and indicate amounts budgeted and spent for each. Indicate if match is in-kind. Indicate in table whether costs are “Actual” or “Estimated”

Source	Budgeted	Actual X or Estimated_____
Federal :DJ	35,876	32,041
State: License	11,959	10,680
Other:_____		

Total Federal	35,876	32,041
Total match	11,959	10,680
Total project:	47,835	42,721

5. Objectives:

SUBPROJECT 1 – Operations and Maintenance

Objective 1. Annual repairs and upkeep including cleaning toilets, removal of refuse, pumping toilet vaults, replacement of damaged facilities such as toilets, signs, and parking barriers; rebuild fishing docks; paint facilities; and other repairs deemed necessary. Monitor public use. Nineteen fishing access sites on the attached table will be maintained in the Panhandle Region.

Objective 2. Establish low maintenance, vandalism resistance site signs.

Objective 3. Improve directional signage.

SUBPROJECT 2 – Site Renovations

Obj.	Access Site	County	Renovation Planned	Est. Cost
1.	Jewel Lake	Bonner	Replace vandalized docks	\$19,000*
2.	Dawson Lake	Boundary	Remove an old restroom and replace	\$28,000*
Estimated Cost				\$47,000*

*Renovation projects funded by the state fishing access budget

SUBPROJECT 3 – New Developments

1.	Steamboat Ponds	Shoshone	Develop parking, access	\$24,000*
----	-----------------	----------	-------------------------	-----------

*Development funded by the state fishing access budget

6. If the work in this grant was part of a larger undertaking with other components and funding, present a brief overview of the larger activity and the role of this project. N/A

7. Describe how the objectives were met.

SUBPROJECT 1 – Operations and Maintenance

Objective 1. Annual repairs and maintenance were accomplished on all of the facilities identified in the attached table. Ongoing activities include spraying noxious weeds, maintaining parking surfaces, replacing existing signage, removing refuse, maintaining outhouses, and repairing fishing docks/dock approach ramps.

Cost	\$23,471
------	----------

Objective 2. Replacement signs designed to provide users with relevant site specific information were installed on 11 fishing access sites.

Cost	\$11,000
------	----------

Objective 3. New and replacement directional signs designed to guide recreations to developed facilities were installed on 11 fishing access sites.

Cost	\$ 8,250
------	----------

Total Cost	\$42,721
------------	----------

SUBPROJECT 2 – Site Renovations

Objective 1. Fishing docks were replaced at Jewel Lake.

	Cost	\$27,496*
Objective 2. Restroom replacement at Dawson Lake		
	Not accomplished	

* - Project completed using fishing access funds allocated to the statewide budget.

SUBPROJECT 3 – New Developments

Objective 1. Construct a new fishing access site at Steamboat ponds. A parking lot was developed. Vehicle control barriers were installed. Signage was established. Access for the mobility impaired was improved. A property line was located and marked.

Total Cost	\$23,534*
------------	-----------

* - Project completed using fishing access funds allocated to the statewide budget.

8. Discuss differences between work anticipated in grant proposal and grant agreement, and that actually carried out with Federal Aid grant funds. The required state match was not available to install a precast cement outhouse at Dawson Lake as proposed. The Steamboat Pond property was acquired by the Department during the reporting period. Private donations generated the state funds required to obtain a federal match on the property and as a result, significant development occurred.

9. List any publications or in-house reports resulting from this work. N/A

Annual Project Performance Report

1. State: Idaho

Grant number: F-76-D-19

Grant name: Fishing Access

Project number and name: 2 – Clearwater Region

2. Report Period: July 1, 2002 to June 30, 2003

Report due date: August 31, 2003

3. Location of work: All work was accomplished in Clearwater, Idaho, Latah, Lewis and Nez Perce counties in the Clearwater Region administrative area. The Clearwater Region is located in Idaho's 1st Congressional District.

4. Costs:

Source	Budgeted	Actual
Federal : DJ	39,465	45,015
State: License	13,155	15,005
Other:		
Total Federal	39,465	45,015
Total match	13,155	15,005
Total project:	52,620	60,020

5. Objectives:

SUBPROJECT 1 – OPERATIONS AND MAINTENANCE

Objective 1 – Annual repairs and upkeep including cleaning and sanitizing restrooms, pickup and removal of refuse, pumping restroom vaults, replacement of damaged facilities such as rest rooms, fishing piers, signs, parking barriers, repainting facilities and other repairs deemed necessary. Monitoring of public use. Payments for leased sites. Twenty-seven fishing access sites listed on the following table were maintained in the Clearwater Region.

SUBPROJECT 2 – SITE RENOVATIONS

None planned

SUBPROJECT 3 – NEW DEVELOPMENTS

None planned

6. If the work in this grant was part of a larger undertaking with other components and funding, present a brief overview of the larger activity and the role of this project.

N/A

7. Describe how the objectives were met.

SUBPROJECT 1 – OPERATIONS AND MAINTENANCE

Objective 1. Annual repairs and maintenance were accomplished on the fishing access sites listed below:

FISHING ACCESS SITES					
<u>NO.</u>	<u>SITE CODE</u>	<u>SITE NAME</u>	<u>WATER BODY</u>	<u>COUNTY</u>	<u>LOCATION</u>
1	201	Spring Valley	Spring Valley Reservoir	Latah	T40N, R3W, Sec. 19

27	N/A	Clearwater Hatchery	Clearwater River	Clearwater	T37N, R1E, Sec. 33

Total Cost - \$17,418

SUBPROJECT 3 – NEW DEVELOPMENTS

Objective	Site	County	New Development	Actual Cost
------------------	-------------	---------------	------------------------	--------------------

Unplanned	Clearwater Hatchery	Clearwater	Developed new access	
-----------	---------------------	------------	----------------------	--

Access to the main Clearwater River just below the confluence with the North Fork thru private land was lost when the owners decided to deny use that had been allowed for many years when Potlatch Corporation leased the property for decking logs. Access was restored by grading and graveling the road right of way along the railroad tracks and constructing a double fence thru the Clearwater hatchery. No DJ funds were used

8. Discuss differences between work anticipated in grant proposal and grant agreement, and that actually carried out with Federal Aid grant funds.

Maintenance costs exceeded budgeted amount. Increases in visitor days use with the advent of high numbers of Chinook salmon and steelhead returning necessitated higher level of service visits to maintain facilities in acceptable condition.

9. List any publications or in-house reports resulting from this work.

Annual Project Performance Report

1. State: Idaho

Grant number: F-76-D-19

Grant name: Fishing Access

Project number and name: 3 – Southwest Region

2. Report Period: July 1, 2002 to June 30, 2003

Report due date: August 31, 2003

3. Location of work: All work was accomplished in Washington, Valley, Payette, Gem, Boise, Canyon, Ada and Owyhee counties in the Southwest administrative region. The following table identifies by county all fishing access sites being maintained, renovated or developed in this project. The Southwest Region is partly in Idaho's 1st Congressional District (west side) and partly in the 2nd Congressional District (east side).

4. Costs: Please identify sources of federal funds and match and indicate amounts budgeted and spent for each. Indicate if match is in-kind. Indicate in table whether costs are "Actual" or "Estimated"

Source	Budgeted	Actual
Federal :DJ	84,500	79,552
State: License	28,167	26,518
Other: (none)		
Total Federal	84,500	79,552
Total match	28,167	26,518
Total project:	112,667	106,070

5. Objectives:

SUBPROJECT 1 – Operations and Maintenance

Objective 1. Annual repairs and upkeep including cleaning toilets, controlling weeds, removal of refuse, pumping toilet vaults, replacement of damaged facilities such as toilets, concrete boat ramps, signs, and parking barriers; rebuild docks; paint facilities; and other repairs deemed necessary. Monitor public use. Forty-three fishing access sites on attached table (see 7.SUBPROJECT 1.Objective 1., below) will be maintained in the Southwest Region.

SUBPROJECT 2 – Site Renovations

None Planed

SUBPROJECT 3 – New Developments

Objective 1. Cooperate with the City of Payette to develop a disabled person's fishing pier on the Payette River Greenway.

6. If the work in this grant was part of a larger undertaking with other components and funding, present a brief overview of the larger activity and the role of this project. N/A

7. Describe how the objectives were met.

SUBPROJECT 1 – Operations and Maintenance

Objective 1. Annual repairs and upkeep including cleaning toilets, controlling weeds, removal of refuse, pumping toilet vaults, replacement of damaged facilities such as toilets, concrete boat ramps, signs, and parking barriers; rebuild docks; paint facilities; and other repairs deemed necessary. Monitor public use. Forty-three fishing access sites on attached Table were maintained in the Southwest Region.

Cost \$87,085.

SUBPROJECT 2 – Site Renovations

None Planned

SUBPROJECT 3 – New Developments

Objective 1. An accessible fishing pier was constructed on a pond along the Payette River Greenway at a cost of \$5500. The match for this project was provided by the City of Payette. Funding is summarized in the Statewide performance report.

8. Discuss differences between work anticipated in grant proposal and grant agreement, and that actually carried out with Federal Aid grant funds. No differences were found in the grant agreement.

9. List any publications or in-house reports resulting from this work. None

Annual Project Performance Report

1. State: Idaho

Grant number: F-76-D-19

Grant name: Fishing Access

Project number and name: 5 – Southeast Region

2. Report Period: July 1, 2002 to June 30, 2003

Report due date: August 31, 2003

3. Location of work: All work was accomplished in Bannock, Bear Lake, Bingham, Caribou, Franklin, Oneida, and Power counties in the Southeast administrative region. The Southeast Region is located in Idaho's 2nd Congressional District.

4. Costs:

Source	Budgeted	Actual <u>X</u> or Estimated _____
Federal : DJ	19,384	13,975
State: License	6,461	4,658
Other: _____		

Total Federal	19,384	13,975
Total match	6,461	4,658
Total project:	25,845	18,633

5. Objectives:

SUBPROJECT 1 – OPERATIONS AND MAINTENANCE

Objective 1 – Annual repairs and upkeep including cleaning restrooms, removal of refuse, pumping restroom vaults, replacement of damaged facilities such as restrooms, fishing piers, signs, parking barriers, repainting facilities and other repairs deemed necessary. Monitor public use. Twenty-six fishing access sites listed on the following table will be maintained in the Southeast region.

SUBPROJECT 2 – SITE RENOVATIONS

None planned

SUBPROJECT 3 – NEW DEVELOPMENTS

None planned

6. If the work in this grant was part of a larger undertaking with other components and funding, present a brief overview of the larger activity and the role of this project. N/A

7. Describe how the objectives were met.

SUBPROJECT 1 – OPERATIONS AND MAINTENANCE

Objective 1 – Twenty five fishing access areas in the Southeast Region were maintained to provide public fishing and other outdoor recreational opportunity associated with aquatic resources. Through maintenance agreements with each of the seven counties in the region, the Department provided funding in exchange for on-the-ground maintenance of facilities. These sites that are exclusively fishing access receive more direct maintenance by Department personnel. Maintenance included litter control, weed control, and in some cases providing portable toilets. Signage was supplied by the Department and installed and maintained by the Department, the county, or by the Department of Transportation on state and federal highways. Major improvements were made through separate agreements with counties and other entities, such as irrigation companies or other agencies. All sites were inspected regularly by Department personnel throughout the year. In addition to frequent correspondence with county personnel, Department representatives met with the Southeast Region Recreational Task Force made up of county and agency representatives. Accomplishments and needs were discussed. The meeting was held in December so development and improvement projects could be considered prior to grant application deadlines.

Objective 1. Annual repairs and maintenance were accomplished on the fishing access sites listed below:

SOUTHEAST REGION FISHING ACCESS SITES

<u>NO.</u>	<u>SITE CODE</u>	<u>SITE NAME</u>	<u>WATER BODY</u>	<u>COUNTY</u>	<u>LOCATION</u>
1	563	Powerhouse	Snake River	Power	T. 7 S., R. 31 E., Sec. 30

Annual Project Performance Report

1. State: Idaho

Grant number: F-77-D-19

Grant name: Fishing Access

Project number and name: 6 – Upper Snake Region

2. Report Period: July 1, 2002 to June 30, 2003

Report due date: August 31, 2003

3. Location of work: All work accomplished in Fremont, Teton, Bonneville, Madison, Custer, Butte and Lemhi counties in the Upper Snake Region. The Upper Snake Region is located in Idaho's 2nd Congressional District.

4. Costs: Please identify sources of federal funds and match and indicate amounts budgeted and spent for each. Indicate if match is in-kind. Indicate in table whether costs are "Actual" or "Estimated"

Source	Budgeted	Actual
Federal :DJ	57,617	53,571
State: License	19,206	17,857
Other: _____		

Total Federal	57,617	53,571
Total match	19,206	17,857
Total project:	76,823	71,428

5. Objectives:

SUBPROJECT 1 – Operations and Maintenance

Objective 1. Annual repairs and upkeep including cleaning toilets, controlling weeds, removal of refuse, pumping toilet vaults, replacement of damaged facilities such as toilets, fishing piers, signs, and parking barriers; rebuild docks; paint facilities; and other repairs deemed necessary. Monitor public use. Twenty-eight fishing access sites on attached Table will be maintained in the Upper SnakeRegion.

SUBPROJECT 2 – Site Renovations

None

SUBPROJECT 3 – New Developments

None Planned

6. If the work in this grant was part of a larger undertaking with other components and funding, present a brief overview of the larger activity and the role of this project. N/A

7. Describe how the objectives were met.

SUBPROJECT 1 – Operations and maintenance

Objective 1 – Annual repairs and maintenance was accomplished on the following fishing access sites.

UPPER SNAKE REGION FISHING ACCESS SITES					
<u>NO.</u>	<u>SITE CODE</u>	<u>SITE NAME</u>	<u>WATER BODY</u>	<u>COUNTY</u>	<u>LOCATION</u>

Annual Project Performance Report

1. State: Idaho

Grant number: F-76-D-19

Grant name: Fishing Access

Project number and name: 7 - Salmon Region

2. Report Period: July 1, 2002 to June 30, 2003

Report due date: August 31, 2003

3. Location of work: All work will be accomplished in Lemhi and Custer counties in the Salmon administrative region. The Salmon Region is located in Idaho's 2nd Congressional District.

4. Costs: Taken from the FY03 Fishing Access budget spreadsheet which details DJ funding.

Source	Budgeted	Actual _x_ or Estimated ____
Federal : DJ	9,840	8,783
State: IDFG	3,280	2,927
Other		
Total Federal:	9,840	8,783
Total match:	3,280	2,927
Total project:	13,120	11,710

5. Objectives:

SUBPROJECT 1 - OPERATIONS AND MAINTENANCE

Objective 1 - Annual repairs and upkeep including cleaning restrooms, removal of refuse, pumping restroom vaults, replacement of damaged facilities such as rest rooms, fishing piers, signs, parking barriers, repainting facilities and other repairs deemed necessary. Monitored public use. Sixteen fishing access sites listed on the following table were maintained in the Salmon region.

6. If the work in this grant was part of a larger undertaking with other components and funding, present a brief overview of the larger activity and the role of this project. N/A

7. Describe how the objectives were met.

SUBPROJECT 1 - OPERATIONS AND MAINTENANCE

Objective 1. Annual repairs and maintenance were accomplished on the 16 fishing access sites listed below: The operations budget was supplemented with state funding through the Salmon-Steelhead account.

**SALMON REGION
FISHING ACCESS SITES**

<u>NO.</u>	<u>SITE CODE</u>	<u>SITE NAME</u>	<u>WATER BODY</u>	<u>COUNTY</u>	<u>LOCATION</u>
